

OPTIONAL EQUIPMENT

OPTION	ITEM	MODELS	PRICE
A	Aluminum Cylinder Head This special Power-Dome aluminum cylinder head increases the compression ratio to 7.2 to 1 for extra-brilliant performance in all speed ranges.	500-501-502 503-504	
C	Super-matic Drive The only "no-shift" drive that changes gears automatically, but only when you want them changed . . . that's instantly convertible to conventional driving at the press of a button . . . that combines the fuel-saving advantages of overdrive.	All (Except R.H.D.)	
D	Wheel Colors—Red or Cream Specify this option when other than standard color is desired.	All	
E	Twin Electric Air Horns	500	
F	Front Fender Top Ornaments	500 501-503	
L	Drive-Master For the buyer who wants all the advantages of automatic shifting, but does not want overdrive. The new, improved Hudson Drive-Master is identical with the new Super-matic Drive, except that it does not have overdrive.	All (Except R.H.D.)	
O	Oil Bath Air Cleaner	500-501-502 503-504	
R	Bumper Guards, front outer, pair	500 501-503	
T	Overdrive Gives amazing economy in city and country driving. Automatically reduces power-drive ratio, at speeds over 22 miles per hour, so that engine makes only 70 per cent of the revolutions it would make in the normal direct-drive ratio. For example, when car is traveling at 50 miles per hour, the engine is running at the rate of only 35 miles per hour—gives you up to three miles free out of every ten you travel.	All	
†U	502-504 Convertible Brougham Top Foldaway Rear-Window Glass	Conv. 500-501	
**V	Rear Window Polished Reveal Moulding	500 501-503	
X	Weather-Control Four-fold heating, defrosting, ventilating, conditioned-air system. Temperature maintained by thermostat control. Circulates fresh, clean outside air throughout entire car. Banishes steam and frost from windshield and windows.	500 501-502 503-504	
Y	Radio The most powerful radio set in the industry—an improved 6-tube custom set (including rectifier) giving 8-tube performance. Improved tonal qualities augmented by horizontal speaker grille on top of instrument panel, which provides better reception for all passengers in car—clear rear-seat reception without offensive volume for front-seat passengers. Positive-acting push buttons easily and quickly adjustable to tune in local stations wherever you may travel.	All	

**Not available for Convertibles
†Standard on 502 and 504 Convertibles

OPTIONAL EQUIPMENT (CONTINUED)

OPTION	ITEM	MODELS	PRICE
**Z	Foam Rubber Front-Seat Back	All	
DD	Direction Indicator Gives warning to following and oncoming drivers that you are about to make a turn. Lights flash in tail light and parking light. Signals controlled by convenient lever on steering column. Flashing red light on instrument panel indicates when signals are in use. A legal necessity in some states.	All	
GG	Large DeLuxe Rear-View Mirror	500	
HH	Vacuum Booster Pump Provides constant-speed windshield wiper action by supplying constant pressure to operating mechanism.	All	
II	Arm Rests	500 Sedan 500 Brougham and Club Coupe 500 3-Passenger Coupe	
KK	Commodore DeLuxe Steering Wheel with Horn Ring	500	
†MM	Foam Rubber Seat Cushions, all seats	501-503
